

# APRIVA **PAY**™

for Android Demo Guide

## Download AprivaPay

The AprivaPay for Android application is available from the Android Market. The download is free and can be installed by any user who has an Android device.

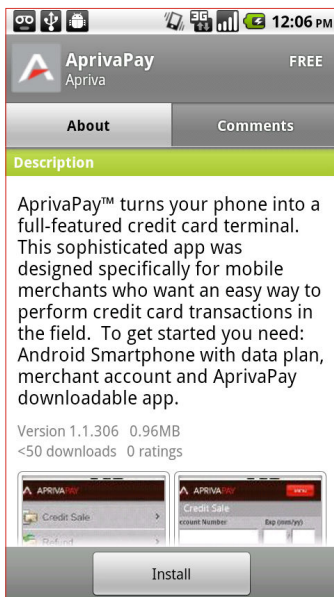

- Tap Market.

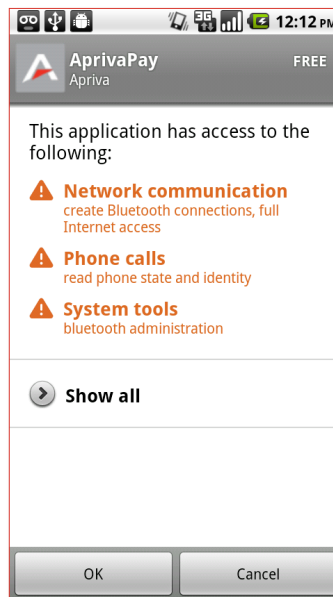

- Tap Search, enter **aprivapay**, and then tap Go.

- Tap AprivaPay.

- Tap **INSTALL**.

- Tap **OK**.

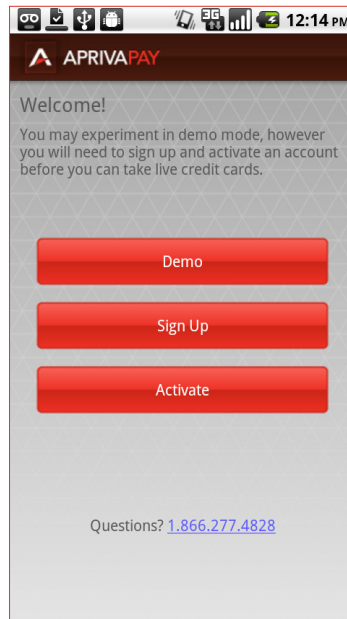

- Aprivapay will now download to your Android.

## Launch AprivaPay for Android Demo

Once the AprivaPay software downloads, open your App Drawer and tap the AprivaPay icon to launch the software.

- Tap the AprivaPay icon.

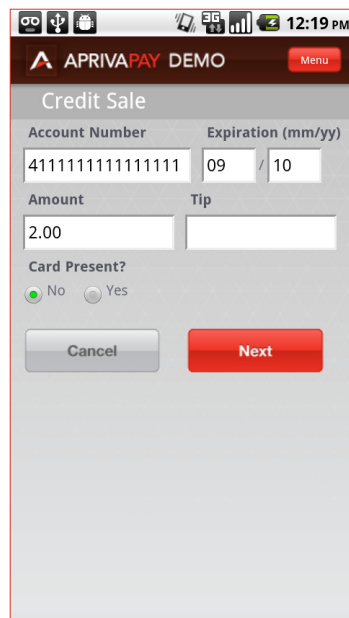

- Tap Demo to launch the AprivaPay demo.
- NOTE: The Sign Up and Activate functions are for live accounts. Please do not use these functions unless you intend to sign up or activate a live account.

## Process a Transaction

- Tap Credit Sale.

- Enter 4111111111111111 (16 digits) in the Account Number field.
- Enter any future month and year in the Expiration fields.
- Enter a transaction amount in the Amount field.
- Select Yes or No for Card Present.
- Enter a tip in the Tip field or leave it blank.
- Tap Next.
